

Interactive Empowerment Exercises

envisionsp.com

Robbery occurs every 60 seconds while Violent Crimes occur every 35 seconds. Envision Security Partners is committed to ensuring you have the knowledge, training, and power to be able to combat these alarming statistics.

Envision Security Partners is committed to protecting people and saving lives. Our approach is unique, innovative and effective. We offer life-like training experiences that prepare employees for whatever comes at them.

- Envision's Interactive Empowerment Exercises provide a dynamic approach to training employees not only in robbery policies and procedures, but also how to deal with high stress, volatile situations.
- Envision's highly trained personnel provide realistic examples, based on current local robbery trends, and execute these examples through an individualized, structured plan that corresponds with each business' practices, policies and procedures.
- Envision's Interactive Empowerment Exercises empower employees with confidence, knowledge, and the hands on experience in dealing with a variety of robbery situations.

Statistics show that over the last 10 years, there have been over eight thousand bank robberies nationwide.

Training provides not only a peace of mind to employees, but also a safer environment.

Regulations by the FDIC require financial institutions to provide training to its tellers and support staff. According to the Federal Bureau of Investigation, "mock robbery" training is not only beneficial to employees, but also raises security awareness and assists in determining what responses are warranted.

Envision's Interactive Empowerment Exercises provide a hands on approach and focus on the realities of a bank robbery, including the threat, the stress and the appropriate response.

Interactive Empowerment Exercises can be designed to incorporate any business environment. Convenient stores, restaurants, hotels, and motels are just a few environments that are vulnerable to this type of violent crime. Envision has the knowledge, the experience, and the staff to incorporate the highest level of training possible to any potentially exposed environment.

At Envision Security Partners, we are continually helping Banking/Finance, Retail and Convenient Store professionals protect and empower people to the safest power!
